

Header Type Breakdown  
 SG -- Solder Groove  
 S - Soldered 3/8" Flange open ends  
 B -- Bolted core

Call Rocore # 1-800-645-COOL (2665)

MB - Mechanically Bonded  
 Overhang refers to the distance from the face of the core to the edge of the header (as viewed from the side). The illustration attached shows a 1.00" overhang.  
 "CTR" signifies that the header is centered. "FF" signifies "flush front", .094 from the edge of the header.
